

EVERGREEN TENNIS CLUB

LEADING THE WAY IN JUNIOR DEVELOPMENT

PATHWAY TO EXCELLENCE

A key platform for the Evergreen Tennis Club to deliver success in Junior Tennis is a clear pathway for students to come through the various stages of a well designed program structure.

Starting with the our specialised Junior Talent Development Program children will progress through the various compressed ball levels whilst developing and improving their skill level.

With a grassroots innovative foundation in place, the strategic framework of stepping stones can easily transition young players effectively through each goal to a pathway of achievement and ultimately fulfilling their long term potential.

The five key stages for the player performance pathway commences with the fundamental 'learn to play' age group. It's important to note that these pivotal elements develop through phases consisting of fun, development, participation, preparation are followed by and motivated to competitive tennis.

This is an exciting time for tennis in the Mountains and surrounding areas as young local talent can embellish and grow from strength to strength.

Success may come quickly for some, however realistically there are no shortcuts. We can assure you that hardwork, dedication, focus and a great attitude *will* reap favourable rewards.

The pinnacle for juniors aged 14-18 will be an Elite Development Program which is strategically designed for the aspiring young pro who is passionate about taking their tennis to the next level.

These crucial progressive pathways are the necessary building blocks for each young player to evolve. We will continue to strive for excellence with the ultimate goal being National exposure and success...

From a grassroots innovative broadbase foundation, young players can easily transition through each strategically structured pathway developing and improving their skill levels to fulfil their ultimate long term goal
